

# The Basel II Training

## Preparing Your Bank for Change

### Why does my bank require Basel II Training?

The Basel II Global Directive will be mandatory worldwide, hence in the Caribbean too, very soon. Your management and staff will need detailed knowledge of Basel II in order to perform operations in a correct, effective and compliant manner. The new legislation is detailed, comprehensive and has a totally new set up to determine, calculate and report your risk exposures and capital requirements.

### How will the Training Service help my Bank?

With our Basel II Training Program you will be fully aware of the impact of Basel II on your organization and you will be able to operate in a fully configured Basel II compliant environment.

The knowledge and perspective you will gain will equip you to understand how to manage and mitigate your risks adequately and how to report to your Banking supervisor correctly.

You will be guided through all aspects of Basel II. Pillar I, II, and III. Tier I, II and III. Risk mitigation techniques, Standardized Approach, Internal Rate Based Approach, both Advanced and Simple will become clear and easy to follow for your bank.

### What Types of Training are available?

The three standard training programs we offer are:

#### **The Basel II Awareness Training**

The Basel II Awareness Training provides you with a general description and a basic overview of Basel II, the advantages, disadvantages and the possible pitfalls for your organization..This is a one-day course that can be carried out at your bank or offsite.

#### **The Basel II Content Training**

The Basel II Content Training provides you with in-depth knowledge of the content for you to master both theory and practice of Basel II. Our focus in this training will be on the "Basel II Standardized Approach."

#### **The Basel II Tailor Made Training**

The in-depth, tailor made training program will take ideally between seven to ten days depending on the scope of your bank and individual requirements.

### What is the Next Step?

Contact IBIS Management and ask to speak to a Basel II Specialist who will advise you on which training program will best support you in your organizational goals.

We look forward to helping you become Basel Compliant quickly and efficiently.
